		DATE	NAME	SIG.
Work Check No.	REV.	APPROVED BY :	04/01/2016	Daniel Cohen Khallas
	A	SHEET 1 Of 2		

Cut the pipe with a cutter

Connect the Check Valve with the white connector facing downwards

Perform this action on both pipes

****Note : In case you have a Free and Total Analyzer, you need to install a Check Valve also on the DPD3 tube.***
